

Dear Parent/Guardian:

**RE: Health Forms/Physicals/ Immunizations/Sports Physicals for
Grades Nursery through Grade 8**

In September, a physical examination is required for all students in Nursery, Kindergarten, 2nd, 4th and 7th grades as well as those who will be **new** to Kadimah School.

Part of the school nurse's job here at Kadimah is to see that all NYS School Health Requirements are maintained. Included in this is to keep updated health records, immunizations and physicals for each student. The consequence of our school not being in compliance since this is a New York State mandate would be costly penalties – a \$2,000 fine per student. Let's make sure tuition and your fund raising efforts are kept for educational purposes and not fines.

The physical exam must be dated within the last year to be valid for the current school year. Please copy this form as needed if you have other children. If the physical is done by your private physician, the report is due on the first day of school. If you have not done so, please call your physician's office and schedule an appointment as soon as possible. **If your child has an upcoming appointment, please let us know.**

Immunization records are also due on all Nursery and Kindergarten and new students on the first day of school.

Your conformance will be greatly appreciated!

If you have any questions, please call me at 836-6903.

Sincerely,

Renee Pennington LPN
School Nurse
