

Kadimah News

June 2017

Head of school
Einav Symons

It is hard to believe that the 2017 school year is coming to an end. What a great year it has been!

As I look through our newsletters from this year, I see the growth in our students, the progress in our programming, the creativity of our teachers, the selflessness of our volunteers and the Kadimah families' dedication to our school.

The highlight for our grades 7-8 students this year has been the Israel trip. The trip signified a culmination and a celebration of many years of Hebrew and Judaic studies. It gave the students an opportunity to connect with Israeli peers whom they have studied with for the past 2 years. It moved their learning from the realm of theoretical to practical as they ordered food and communicated in Hebrew. It solidified years of Chumash and history education into the physical realm of actually touching, smelling and seeing the country. While on one hand, it closed a circle of emotional yearning, it also opened the door for wanting more. As I celebrate our past graduates who went on the Israel trip, returning again and again to Israel, I know that our current students will follow that path. It was my honor, again, to lead this trip and see its impact on our students. Especially I feel blessed to have had the honor to meet Rabbi Mintz before he passed.

As the year draws to a close, it is with sadness that we say goodbye to Anna Martinick, Rabbi Strosberg, and to Melissa Wiese. Each has been inspiring to our students in their own way and specialty. We wish them the best and hope they keep in touch.

And to our parents, Board members and supporters- Thank you for your continued commitment to Kadimah Academy! May you all have a healthy, fun and restful summer break!

Upcoming Events

- 6/1 - NO SCHOOL
- 6/9 - Shalom Field Trip to TR Inaugural Site
- 6/12 - Kadimah Dinner
- 6/21 - Graduation - 7 pm
- 6/22 - LAST DAY
11:30 am Dismissal

This month "In the Spot Light" is Joseph Purizhansky from our Ahava class. Joseph is kind and helpful. He is a hardworking student who takes his classwork very seriously. He is nice and helpful to his friends. He also volunteers to help clean the lunchroom tables and lead the benching prayers on a regular basis. By acting in a mature and a responsible manner, Joseph acts as a positive role model to his classmates and other students.

Yasher Koach!

LAST DAY: 6/22
11:30 am Dismissal

To the PTO and Kadimah Academy Families,

THE TEACHER APPRECIATION ALBUMS WE WILL ALWAYS TREASURE.
OUR THANKS TO YOU WE CANNOT MEASURE.
YOUR GIFT BROUGHT TEARS TO OUR EYES.
WHAT A WONDERFUL SURPRISE!
THE NOTES AND PHOTOS ARE SO DEAR.
A LASTING MEMORY FROM THIS YEAR.
TEACHING YOUR CHILDREN IS OUR JOY.
WE TRULY VALUE EACH GIRL AND BOY.
OUR FAMILIES ARE THE BEST, IT IS TRUE.
WE'RE BLESSED THAT IN OUR LIVES WE HAVE YOU!

Message from Mrs. Paskowitz

How quickly time flies when you're having fun! What fun it has been to be here... since October!

Memories of Succot dinner, Chanukah songs, Tu B' Shvat dinner, numerous movie nights, Purim's dress up, Pesach Model Seders, remembering the Holocaust and respectfully honoring its victims; loving our country Israel and enjoying the falafel and schnitzel... these are tangible, noteworthy, and taste-able!

The intangibles, the daily gathering to share information, the pledge, the paragraphs of the Shma and Hatikva; the lessons in English, Math, Science, Social Studies, Hebrew, and Judaics; the loving and caring provided by compassionate teachers, aides, and our Head of School.

As summer approaches and we take time to enjoy a break from school, let's keep the wonderful Kadimah memories in our hearts until we see you in September!

Adorable award-winning

Clothing labels that stick

Waterproof, bug spray proof, & perfect for camp

No more lost-and-found with these kids labels

Have you lost a mitten this winter? Has your child ever brought the wrong pair of boots home one day from school or daycare? Label your items with "name bubbles" products and help support Kadimah PTO in the process.

It's very easy

Go to www.fundraising.namebubbles.com

Click on "Find a Fundraiser" at the top.

Search "Kadimah Academy" at the left.

The company offers clothing labels, labels for lunch bags, and many household items. Packages or bundles are available as well.

Kadimah Academy

Math
Ms. Wiese

Goodness, how is it already June?! We are finishing the curriculum for this year and preparing final exams! The Kavod and Israel classes have been learning and experiencing so much during their trip to Israel. Before their trip we began putting all the Algebra pieces together and when they came back we hit the ground running with review. These diligent students even dedicated part of their plane travels to some math review problems! Chased ended this year's curriculum with Geometry. It's fun to end our year with a "different" kind of math where words and definitions are just as prominent as numbers! Shalom math is also finishing the year with Geometry. We are seeing how units play such a critical role, especially when talking about the difference between "inches" and "square inches." Now it wouldn't be a month in my classroom without a Guess What Jar candy, would it? This month was individually wrapped mints. The wrapper around the candies is making it difficult to see how many pieces are in there. Each month I try to make it a bit more challenging! There have been many happy winners!

Happy May in Social and ELA!

Mrs. Cullinan

Welcome back Israel and Kavod students. Here is where the rubber meets the road. Thematic essays abloom and final independent reading projects will be due soon (6/19). Minecraft Greek worlds growing and journaling blossoming. Prepping for exams and wrapping up classic readings. These last few weeks mean only one thing--finish strong,

Congratulations to Norimi Truskinovsky and Caleb Senick for 1st place 7th grade Holocaust Resource Center awards in arts and writing respectively.

Kadimah Academy

Art
Mrs. Miller

In this last stretch of school we are still engaging in some interesting projects. Ahava finished a tzedakah box project in the form of a house. Shalom is working on a printing project. Chesed is working on painting of cakes inspired by the work of the painter Wayne Thiebaud. Israel is finishing their chair project, and Kavod was working on a one-point perspective drawing with watercolor.

Please do not miss our art exhibit, which is currently hanging at the JCC Holland building on Delaware Ave. It will be up through Thursday June 15 for our closing reception 6-8pm. Everyone is invited. Light refreshments.

Judaics with Shalom
Mrs. Cowen

We had a lovely bittersweet going away party for Yael Izkhakov, in our Shalom Class. Each of the children said something about Yael. We wrote it down on a large paper and each child signed his or her name. Children from other classes and teachers signed it too.

We wish Yael and her family all the best in their new home in Las Vegas. They will be missed. Her family thanked us with compliments, gifts, and treats for the great experience Yael had at Kadimah.

Announcing an Exciting New Partnership
AMONG THE YOUNGEST MEMBERS OF OUR COMMUNITY!!

Kadimah Academy

Hello from the Shalom Class!

Mrs. Steinberg – Secular Studies

May was one crazy-busy month in the Shalom classroom! Mr. Jonathan Epstein, President of the Kadimah Academy Board of Directors and father of 7th Grader Hailey and 2nd Grader Gabe, also has a “real job” as a newspaper reporter with The Buffalo News! He visited our classroom and explained how he finds out about what’s going on in and around Buffalo, how he does his research, and how he writes those articles that get published in the newspaper. The best thing we learned is how important it is to discover what it is that you love to do so going to work is interesting, fun, and meaningful.

We began writing Narrative Essays, and started Typing Club. (Guess which one the kids loved best?) With Mrs. Herman on the Israel Trip, we combined 2nd and 3rd Grade Math for a Geometry Unit. We’ve watched amusing and informative videos, practiced some note-taking skills, and enjoyed many hands-on activities while we learn about plane shapes, solid shapes, lines, angles, symmetry, area, and perimeter.

We totally enjoyed our Field Trip to Kleinhans Music Hall, where we heard the Buffalo Philharmonic Orchestra play a wide variety of classical pieces designed to awaken a range of emotions. Our last Field Trip of the year will be to the Theodore Roosevelt Inaugural Site in early June.

One of the most exciting events of May was the Awards Ceremony on a recent Tuesday evening at the WNED Public TV studio downtown. Sixteen students in Grades K-3 from private & public schools in Western NY were recognized for their stories and illustrations. Each one stood on stage and read their original story, while their words and pictures were projected on a large screen for the audience to enjoy. All the winners received prize bags and books donated by Medaille College. **FOUR** students from our Shalom Class received awards!

1st Place, 2nd Grade: *Strong Pig* by Yael Izkhakov

3rd Place, 2nd Grade: *Dina the Different Dinosaur* by Anastasia Karcz

Honorable Mention, 2nd Grade: *The Mother Goose* by Daniela Licea

3rd Place, 3rd Grade: *Sparkle and Her Spaceship* by Nessa Grol-Norris

I am planning to display all the stories written by the Shalom students at the Kadimah Academy Annual Dinner on June 12.

Kadimah Academy

Winning Shorts
 Marci Wiseman

We are pleased and proud to announce that four students in our Shalom (Grades 2/3) Class have been recognized with awards from the 2017 WNED-WBFO PBS KIDS Writers Contest!

Each of these students wrote and illustrated a creative short story. The contest, sponsored by Medaille College, was open to students in grades Kindergarten – Third Grade in the Western New York area.

The four winners from Kadimah Academy, a Jewish Day School located in Eggertsville, are:

- Yael Izkhakov, 1st Place for 2nd Grade
- Anastasia Karcz, 3rd Place for 2nd Grade
- Nessa Grol-Norris, 3rd Place for 3rd Grade
- Daniela Licea, Honorable Mention for 2nd Grade

One 1st Place, one 2nd Place, and one 3rd Place winners are awarded in each grade. Four Honorable Mentions are awarded for each grade level.

The Awards Ceremony, at which the students will be read their winning stories, was held on Tuesday, May 23rd at 6 PM at the WNED studios.

1st Grade
 Hamorah Becky

The year is almost over, it has gone by so fast. We sang, we danced, learned to read and write Hebrew and we enjoyed ourselves. Summer is almost here, we have earned a well deserved vacation. Have fun, stay safe, and Eem yirtzeh Hashem, we will see each other again in September.

Israel and Kavod Groups
 Ms. Shmuel-Lewis

At the beginning of the month we had a very successful Israeli Independence Day program (Yom Hatzmaut). We had stations that included hat decoration, slide show presentation about Israeli cities and Israeli dancing. We sang and danced and ate an Israeli lunch. Thank you to all the teachers and parents who helped make it a great program.

This month we continued with the unit in our Darkon book called Be-te-a-von (Bon Appetite). We continued reading stories and practicing conversations related to food items, shopping, cooking a meal and eating in a restaurant.

This month we also practiced reading for information as preparation for the Hebrew regents. We read two texts about Israeli cities and wrote down reasons why we want to visit one of the cities. Again, using persuasive language and trying to convince someone to go visit there. We also had a Hebrew regents practice test before the trip to Israel.

On May 8th we had another Skype session with our Friends Over Seas discussing the similarities and differences of celebrating Israel's Independence Day in Israel vs Buffalo. We also exchanged some information before our students' trip to Israel.

When the students came back from Israel they wrote about their experience and the highlights of the trip in Hebrew of course!

The Israel students continue to prepare for their graduation ceremony (slide show, speeches, yearbook).

K/1 Ahava

Morah Berkowitz and Morah Samantha

The year may be winding down but we continue to be full steam ahead with our learning.

Thank you so much to everyone who joined us for Grandparent/Special Friend Day. Our students enjoyed sharing the day with you. Our guests had the opportunity to get a taste of what we do on a daily basis, as well as: watch us sing and dance, play outside with us, do a Hebrew and ELA related art project together. Additionally, the students read a special book that we wrote to their guests.

In addition to our terrific school-wide Yom Ha'atzmaut celebration, we also took an amazing trip to Israel, complete with getting our passports and tickets, packing our suitcases, going through customs, and flying El Al to get to our special homeland. We read about and toured many cities including: Jerusalem, Haifa, Tel Aviv, Beersheva and Eilat. We went from the North to the South and almost everywhere in between. We prayed at the Kotel, bargained at the shuk, ate pita, falafel and schnitzel, went on a camel ride, went on a glass-bottom boat and saw beautiful fish, climbed Massada, went down the mifletzet (monster slide), did army training, and much more. Now, we can't wait to go to Israel for real when we're in 7th/8th grade.

Our class made beautiful personalized cards and gifts for Mother's Day. We are looking forward to making special gifts and cards for our dads for Father's Day. We also used stories, write the room, Hebrew vocabulary, science, dramatic play, math and more to reinforce our Insect and Ocean Units.

We've been counting the omer since Pesach. Be sure to check out the feet on our lockers as we count down to our arrival at Har Sinai (Mount Sinai) and the excitement of receiving the Torah.

Lag B'Omer was explored through reading, dramatic play, and making a special snack. Another Lag B'Omer highlight was our field day at the JCC. Thank you to Mr. Nick and his team for making it such a special day. Thank you, too, to our parent volunteers. We also learned about Yom Yerushalayim and Memorial Day.

We're enjoying learning about Shavuot. Acting out the parshiot with our Chumash, special snacks, songs, dances, and projects all enhance our learning. We love the Torah and are excited to celebrate the holiday when we received the Torah.

It's hard to believe the end of the year is around the corner. Our kids have grown so much. We are so proud of the progress they have made this year. They love to learn and it's been a wonderful experience to be part of that joy. We look forward to their continued success. Thank you to our families for being part of our K/1 Ahava family. Thank you to all the specialists, teachers and volunteers (Ms. Marna, Mrs. Earne) who have helped us this year. Have a wonderful summer!

Better Together

Ms. Bongiorno

On Friday, May 26th Kadimah students and our friends from Jewish Federation Housing had a wonderful experience visiting Graycliff Conservancy in Derby, NY. Graycliff is one of the Frank Lloyd Wright's estates. As you know our students studied the works of Frank Lloyd Wright in Science, ELA and Social Studies, and were Junior Docents for the house on Jewett Parkway. This made this trip a very meaningful experience on more than one level.

The students traveled in style – in a limo (the best and least expensive way to go). We had a few transportation snafus getting the seniors there, but thanks to Dana Kurtzman and her excellent navigation skills, all arrived safe and sound. Once we all arrived the visit was wonderful - down to sharing bag lunches in the rain. Unfortunately, we were limited in the photos we could take in the building, but we managed a few. We were quite fortunate to have Bonnie Zotara, Fran Paskowitz, and Sol Messinger join us. A special thank you to Lori Morrison for making delicious bag lunches for this trip for our students, chaperones and seniors! Also, thank you for keeping us deliciously nourished on many of our other programs.

Sadly, this was our last trip of the year. Our Better Together experience was truly amazing. The students had many opportunities to meet and share meaningful experiences with seniors and learned many valuable lessons. Although the grant is officially over, we are very hopeful to continue our connection next year.

Making New Friends

Marci Wiseman

Kadimah Academy gratefully acknowledges the prominent national funder which has enabled our 7th and 8th grade students to develop meaningful relationships with seniors at Weinberg Campus and with residents at Jewish Federation Housing. Kadimah has benefitted tremendously from its participation in the Better Together Program by visiting seniors at Weinberg and Jewish Federation Apartments, inviting them to school to participate in model seders and other programs, and by exploring our local community together on field trips.

The Better Together Program also includes the Better2Write writing contest. Entries for the writing contest centered on how the students were impacted by the program, as reflected in their feelings about seniors, aging, and the mitzvah of caring for the elderly. The Kadimah winner of the Better2Write contest is Charles Herman! Essays are printed in their entirety at www.kadimah.org.

Kadimah Academy

Hebrew – Shalom Group

Ms. Shmuel-Lewis

At the beginning of the month we had a very successful Israeli Independence Day program (Yom Hatzmaut). We had stations that included hat decorating, a slide show presentation about Israeli cities and Israeli dancing. We sang and danced and ate an Israeli lunch. Thank you to all the teachers and parents who helped make it a great program.

This month's next holiday was Lag Baomer. We learned nouns related to the holiday such as bonfire (me-doo-ra), fire (esh), potatoes (ta-poo-chai Adama), logs (kera-shim), bow (keshet) and arrow (chetz), verbs like light a fire (le-ad-lik), throw in the fire (liz-rok) and put (la-sim) using pictures and a matching activity. We wrote sentences about the things we do during Lag Baomer: e.g The girl is sitting around the Bonfire, The children play with bow and arrow. We learned the verbs and nouns in male and female forms singular and plural continuing to focus on Subject-verb-adjective agreement. We learned a song and a dance for Lag Baomer and watched a Lag Baomer video which helped us listen the language and learn about the traditions. Finally, in honor of Shavuot we learned a new song called Sa-lai-nu al kte-fai-nu (Our baskets on our shoulders). We learned the vocabulary and sang and danced with Mr. Shulman in the gym.

Chesed Group

Ms. Shmuel-Lewis

At the beginning of the month we had a very successful Israeli Independence Day program (Yom Hatzmaut). We had stations that included hat decorating, a slide show presentation about Israeli cities and Israeli dancing. We sang and danced and ate an Israeli lunch. Thank you to all the teachers and parents who helped make it a great program.

After Yom Hatzmaut our focus was on parts of speech and past form of the verb. We used a song called The Colors Song. The song is about two colors meeting, mixing and then a new color is born. We divided the vocabulary into parts of speech (verbs, nouns, adjectives) in a chart and translated them. We listened and watched the video clip. We wrote new verses to the song by mixing different colors. We reviewed the verbs in four forms male/female, singular and plural while continuing to focus on Subject-verb-adjective agreement.

We had a unit about Lag Baomer where we learned some vocabulary and created sentences describing some of the holiday traditions. We also learned about Yom Yerushalayim and the reasons of why Jerusalem is important to the Jewish people. For Shavuot we learned the song Sa-lai-nu al kte-fai-nu (Our baskets on our shoulders) and we discussed the holiday traditions in Israel. We learned the vocabulary and danced to the music with Mr. Shulman.

Kadimah Academy

Ganon
Morah Zahava

The nursery students have had an amazing May so far! For Yom HaAatzmaut, they made their own Israeli flags and had the opportunity to perform songs with the older students. Since Passover, the children enjoyed counting the Omer and learning all about Shavuot. Just this past week, we made delicious Har Sinai Cupcakes with little Torahs on top to represent the giving of the Torah. We have also read some wonderful books like "No Rules for Michael" by Sylvia A. Rouss and "Ten Good Rules" by Susan R. Topek to help deepen the children's understanding of the holiday.

We are almost done with our alphabet curriculum - only X, Y, and Z to go! Some of the highlights were that the children made a volcano for our letter V experiment. For the letter U, each student made a model of the universe. For W week, the students learned about the weather and used yoga poses to represent the weather.

I wish you all a Chag Sameach, and I hope that everyone gets the chance to eat a lot of cheesecake!

Judaics with Chesed
Mrs. Cowen

The Chesed Class has been learning the book of Exodus all year. They have made great strides in learning concepts, analyzing words, understanding Rashi and other rabbis, and finding questions to ask about the text.

As part of our understanding of Egyptian culture our students decorated Egyptian collars and armbands.

Science News
Anna Martinick

It's hard to believe the end of the school year is almost upon us and it will be a very busy few weeks for the students. The exam schedule has been emailed and students have received a copy to keep in their lockers. Encourage your child to study every night to prepare for exams.

Please double check the exam schedule to make sure there are no scheduling conflicts since the Regents exams do not have make up dates.

The Kavod class enjoyed a wonderful presentation from Dr. Truskinovsky on Cells. We want to thank him for taking time out of his busy schedule to visit with our class. The Kavod class is finishing their last unit on Weather, the focus will be on Hurricanes and Tornadoes.

The Israel class is busy getting ready for the first part of their Regents Earth Science exam-

Regents Earth Science Lab Practical -

Date : June 9 th at 9:15 am -11:00 am

Regents Earth Science Exam -

Date : June 15 at 12:30 pm -3:30 pm

Please put these dates on the calendar

It has been a pleasure teaching your children .
Enjoy the summer!

Kadimah Academy

Invention Convention

On June 4th, the Chesed class had an opportunity to take part in the WNY Invention Convention at the Buffalo Museum of Science, with about 70 other participants from the area. The students worked very hard to come up with solutions to problems in their lives. They researched the problems, made tri-fold boards, and created realistic models to show how their inventions would function. Our students shined as many participants and museum visitors marveled at the incredible work we had to display!! Sara Ablove took home the first place win for her category with "Multi Paste," an electronic toothbrush that has 4 brushing heads and dispenses toothpaste through each head. Our students should be *extremely* proud of themselves!! Congratulations!!

Lag Ba'Omer Field Day at the JCC

Kadimah Academy

Kadimah to Celebrate Past, Buffalo's Bright Future

As Buffalo garners new attention nationwide for its renewed growth and renaissance, Kadimah Academy will once again gather hundreds of people from diverse sectors of the community to celebrate Jewish Buffalo's new potential and the importance of Jewish education for the future.

This year's Dinner, on June 12 at Acqua Restaurant on the Niagara River, will honor Avy Sterman - long-time Jewish community advocate and devoted Kadimah Academy supporter - and will feature Douglas Jemal as our distinguished speaker. Jemal is the founder and CEO of Douglas Development Corp., and the new owner of One Seneca Tower -- the 38-story former HSBC building in downtown Buffalo.

Thus, this year's Dinner will honor the school's past, with all that Sterman has given to the Jewish community, and look ahead at the bright future of Jewish Buffalo and the greater Buffalo region, as demonstrated

by Jemal's significant investment.

"Past, present and future will come together this year, as we not only remember from whence we came but also look to where we are going as a community," said Kadimah Board President Jonathan D. Epstein.

Avy Sterman has been involved in the Jewish community for over 50 years, including his roles at Kadimah as on-and-off trustee, advocate, and major fundraiser for the past 20 years.

"I'm honored to be this year's Dinner honoree and to express to the community why a Jewish education is vital to the success of our youth," said Sterman. "But remaining involved in the Jewish

"I see the difference that Kadimah education has made in the lives of kids who are now grown up, and succeeding in various fields, while holding onto a strong Jewish identity"

community after graduating from Kadimah is key to our community's ability to thrive for years to come."

Every year, Sterman encourages dozens of local philanthropists to sponsor the Kadimah Dinner, providing thousands of dollars for scholarship assistance every year.

"I see the difference that Kadimah education has made in the lives of kids who are now grown up, and succeeding in various fields, while holding onto a strong Jewish identity," said Sterman. "Kadimah really

prepares students to excel in high school and college and then launch their lives successfully."

While Sterman has been a proven backbone to the Jewish community for decades, this year's featured speaker, Douglas Jemal, brings a breath of fresh air to the Buffalo region. Jemal is the the founder and CEO of Douglas Development Corp., the second-largest commercial real estate developer in the Washington, D.C., area, and one of the most successful when it comes to historic and adaptive-reuse projects.

Jemal, who is Jewish, has achieved a reputation for taking on older, underused buildings and challenging projects in the nation's capital, turning them into vibrant new destinations. He is placing a major bet on Buffalo and the region's resurgence, so Kadimah leaders felt he was the ideal representation of this year's dinner theme: Celebrating Buffalo's Bright Future.

"For an outsider with such a proven track record to invest so significantly in our community speaks volumes to the region's prospects for continued growth," said Alan Rosenhoch '98, Kadimah alum and co-chair of this year's dinner with his wife, also an alum, Gabby Balderman '03. "Jewish Buffalo is lucky to have someone of Mr. Jemal's caliber and Kadimah is thrilled to offer him the opportunity to introduce himself to our community."

To make a donation to Kadimah Academy in honor of Avy Sterman's dedication or to welcome Douglas Jemal to our community, please click on DONATE at www.kadimah.org.
